Chase the adventure at every turn with ROADHOUND, dual compound sport touring tyre featuring excellent grip, handling and mileage.

- Dual compound on rear radial sizes, boosting grip and mileage
- Tread grooves geometry improving water drainage and mechanical grip
- Structure & profile enhancing handling, comfort and riding stability

EUROGRIP

THE BIKE TYRE SPECIALIST

A trustworthy companion for every environment: city, highways, country roads. Good dynamical performances on any surface: safety grip, comfort, handling. Enhanced durability and puncturing resistance.

- ▶ Grip on various road surfaces, typical of urban environments, providing safer commuting
- ▶ Road irregularities filtering capability improving comfort of body and mind
- ▶ Durable performances and increased puncturing resistance, enabling better value for the rider's purchase
- ▶ Profile geometry enhancing vehicle's handling, allowing nimbler riding in traffic
